JOIN US IN THE WORLD OF MODERN FAIRY TALES!

In our renewed catalog, we have collected the novelties of the year 2021: our latest models are characterized by fine lines, airiness and romance, inspired by modern fairy tales. The G.Westerleigh bridal shoes are well-known for their careful craftsmanship and maximum comfort. Luxury quality is reflected in the smallest details:

The soft, padded upper and lining, the leather insole, the cushioned lining around the back, and the carefully selected heels and lasts – all designed to help every bride find the perfect pair of shoes for her big day. Our latest collection showcases our exclusive leather wedding shoes, which perfectly complement our satin wedding shoes product line. The redesigned packaging of bridal shoes further enhances the feeling of uniqueness for our brides. The G.Westerleigh bridal jewellery and hair ornaments are made from premium materials and represent a sleek, delicate and elegant design. Our accessories beautifully match either classic or extravagant wedding dresses.

We also didn't forget about the grooms by offering our newest selection of gents' accessories. For the complete collection, we recommend visiting our website, where all our products can be viewed and purchased:
